

Hodges Joseph & Abigail

February 2022 in Honduras

Dear Friends,

Don't forget about our 2022 Easter Offering for the Central American Independent Baptist (CAIB) Church Planting Foundation! We are accepting investments during the whole month of April, so make sure to visit our website for more info if you haven't gotten involved already.

Our teenage group of believers and disciples is growing! **Gabriel and Eduardo**, two 13-year old boys in my Sunday school class, **got saved** after they stayed back after class (inside a bus because we have no space) and told me that they needed salvation. During evangelism, one of our college students and I were able to lead 3 teens and one adult (**Wendy, Nicole, Danny, and Javier**) to Jesus.

Danny & Javier saved

Abbi is helping teach kindergarten at our school, and she does a fantastic job with training these little ones.

Abbi also played piano, sang, made food, and helped organize our Ladies Conference, which had over **300 ladies attending** and 215 staying on our church property.

Our bus route is also growing. Abbi and I have **5 new bus workers**, 4 of which are recently saved, baptized, and disciple teenagers in our church that are on fire for God. Our new bus workers **are Rodrigo, Eric, Ana, Leo, and Fredy**. God has used these new bus workers to help us reach **95 riders on our bus, our highest number yet**.

A highlight this month was **Noel's salvation**. He is a 23-year old father, and the woman that he lives with has come to church before. He trusted Christ during our visit to his home, and the next day brought his woman and their child to all ride the bus together to church! Pray for them to get married and to grow.

Samuel saved

Also, a new boy in my Sunday school class, **12-year old Samuel**, **got saved** during his first visit to church. He is on fire and soaking up all the preaching. He wants to get baptized so that he can serve in other ways, but **Delmi, his Catholic mother**, won't allow it. Pray for her salvation and change of heart, as Abbi and I witnessed to her in her home the other day.
