Dear Friends and Church Family,

Baby Thomas is growing healthy and strong! Abbi's able to stay home with him most days, and teaches piano at our Bible college once a week right now.

Our yearly youth camp on our property saw its record this year, with **289 people for the week of camp.** (pic. right) Several accepted Christ for salvation, and several made life-changing commitments to the Lord.

Two boys from my Sunday school, **Darwin and Carlos, got baptized this month.** (pic. left) Pray that they'll serve in the church as they grow in the grace of Jesus.

Bible college started up again, and we're thrilled to have **4 new students, totaling 14 this semester.** (pic. right) I'm teaching Life of David and Life Management right now, along with our 5 other Bible teachers. Pray with us that the Lord would prepare and send more laborers into His harvest.

My sister and her husband, Luke & Celina Nalty, spent over a month with us in Honduras before heading back to the US to finish paperwork for Mozambique. Pray that they'll get their visas approved for moving to **Mozambique in February.**

We had our second-ever kids camp, with over **30 kids this year,** and several salvations. (left)

Abbi and I are proud to announce that our church finally **purchased a 2008 Blue Bird bus** for the route that we're over, so that we do not have to rent one weekly as we had done for over two years. **Our newest bus, "Silas",** has joined our church's current fleet with our buses Paul, Barnabas, Luke, and Timothy. We pray for 70 riders on "Silas" each week, and often see that many come.

Two adult men, **Alexander and Samuel, repented of their sin** and trusted Christ for salvation in a new sector of our bus route that we are visiting.

*Thank you for
your prayers and support this month!*

Pray for the salvation of **Angel, Harold, Fabricio, Miguel, José and his son Leandro, Toño, Nelson, Javier, Ana Julia, Silveria, Ashley, Byron, Cindy, Erick, and Suami,** whom we witnessed to during evangelism in Dec-Jan as well.
